

## Directions to Phoenix Aviation Lee-on-the-Solent Control Tower - 2<sup>nd</sup> Floor

*Please use the postcode **PO13 9FU** in a SatNav, which will take you to the CEMAST traffic lights. Do not use our business postcode as that is generic for the airfield and will take you to the seafront!*

From Peel Common Roundabout travel down Broom Way towards Lee-on-the-Solent.

At the traffic lights by the new CEMAST building, turn right onto Daedalus Drive and continue along this road.

Stay on Daedalus Drive, passing the Driving Test Centre on your right, through the left/right kink before the MCA buildings on your right, and towards the Control Tower.

Take the third exit off the roundabout next to the Control Tower, and into the Car Park.

Parking is in any of the free car parking spaces available.

**IMPORTANT: There is a new door entry system on the front door of the Control Tower.**

Push the Phoenix Aviation button. This rings our phone line, and we will answer and buzz you in.

If, for any reason, we don't answer the phone, then please go to Café Zero 5, let the owner (Lisa) know that you have come for a trial lesson at Phoenix, and we will come down as soon as possible and collect you.

We can be delayed for all sorts of reasons, so please bear with us. Thanks.
